

CURRICULUM VITAE (CV)

Tabandeh Sadeghi

Personal Information:

Last Name	Sadeghi
First Name	Tabandeh
Citizenship	Iranian
Date of Birth	23/09/1977
Place of Birth	RAFSANJAN- IRAN
Marital Status	Married
Child	2

Address:

Dr Tabandeh Sadeghi
Nursing PhD, MSN, BSC
Professor
Department of Pediatric
School of Nursing and Midwifery
Rafsanjan University of Medical Sciences, Rafsanjan, Iran

Tel No: +983434255900
E -mail: t.sadeghi@rums.ac.ir
t.b_sadeghi@yahoo.com

Academic Training:

2010- 2014	***Ph.D.*** Nursing, School of Nursing and Midwifery, Kerman University of Medical Sciences, Kerman, IRAN
2006-2008	***M.S.*** Pediatric Nursing, School of Nursing and Midwifery, Tehran University of Medical Sciences, Tehran, IRAN
1995-1999	***B.S.*** Nursing, School of Nursing and Midwifery, Rafsanjan University of Medical Sciences, Rafsanjan, IRAN

Academic Profile:

Academic Position	Faculty Member
Academic Degree	Professor
University	Rafsanjan University of Medical Sciences
Research Center	Non-Communicable Diseases Research Center, Rafsanjan University of Medical Sciences
ORCID	http://orcid.org/0000-0003-1024-5389
Researcher ID	https://publons.com/researcher/2072691/tabandeh-sadeghi/
Google Scholar Profile	https://scholar.google.com/citations?hl=en&user=aPcuEuYAAAAJ&view_op=list_works&sortby=pubdate
Scopus Profile	https://www.scopus.com/authid/detail.uri?authorId=56712677400
ResearchGate	https://www.researchgate.net/profile/Tabandeh_Sadeghi2

Research Thesis:

Ph.D. Thesis Explanation of Waiting Process in Family during patients' Surgery

M.SC Thesis Comparative Investigation of Nurses` and Hospitalized Ill Adolescents ` Perceptions of Patient ' s Dignity in Pediatrics Hospitals of Tehran University of Medical Sciences, 2007

Work experiences:

2025-Present *Director of Education and Graduate Studies*, *Vice Chancellery for Education*, Rafsanjan University of Medical Sciences, Rafsanjan, IRAN

2023- Present *Head of Non-Communicable Diseases Research Center, Vice Chancellery for Research & Technology*, Rafsanjan University of Medical Sciences, Rafsanjan, IRAN

2017- 2022 *Head of Medical Informatics and Scientific Resources Department, and* Vice-*Chancellor of Non-Communicable Diseases Research Center,* Vice Chancellery for Research & Technology, Rafsanjan University of Medical Sciences, Rafsanjan, IRAN

2013-2020 *faculty member, Head of Department of Pediatric*, School of Nursing and Midwifery, Rafsanjan University of Medical Sciences, Rafsanjan, IRAN

2008-2013	*University Lecturer, Department of Pediatric*, School of Nursing and Midwifery, Rafsanjan University of Medical Sciences, Rafsanjan, IRAN
2005-2008	*Staff Nurse, Emergency Ward*, Moradi hospital, Rafsanjan University of Medical Sciences, Rafsanjan, IRAN
2002-2005	*Staff Nurse, ICU Ward,* Shafa hospital, Kerman University of Medical Sciences, Kerman, IRAN
2000-2002	*Head Nurse, Emergency Ward*, Valiasr hospital, Rafsanjan University of Medical Sciences, Rafsanjan (Anar), IRAN

Professional Membership

Iranian Nursing Scientific Association

Research Favorites

Issues Related to Clinical Nursing (Neonatal, Pediatric, Diabetes, Surgery, Family, Waiting)

Issues Related to Nursing Ethics (Dignity, Privacy, Communication)

Issues Related to Nursing Education (Students, Evaluation)

Issues Related to Cohort Studies (Rafsanjan Cohort Study)

Awards

Motahari Festival Award for process: Development and implementation of teaching-learning program based on serving to Afghanistanian children residing in Rafsanjan camp in healthy pediatric clinical field of nursing students, 2019

Top Researcher: School of Nursing and Midwifery, Rafsanjan University of Medical Sciences, Rafsanjan, IRAN, years:2025 ,2024, 2023, 2022, 2020, 2018, 2017, 2016, 2015, 2014, 2011, 2009

Motahari Festival Award for process: Development and implementation of OSCE Method in Evaluation of Nursing Students of Rafsanjan University of Medical Sciences: A Process for Quality Improvement, 2013

I have been co-authors in translation of two books:

1. Corbin, J., & Strauss, A. (Translated by: Dehghan Nayeri N, Fakhr Movahedi A, Esmaeili M, Sadeghi T, Tayebi M). Basics of Qualitative Research: Techniques and Procedures for Developing Grounded Theory (3rd ed.). 2008. Thousand Oaks, CA: Sage.

2. Potter P.A, Perry A.G, Hall A, Stockert P.A. (Translated by: Dehghan Nayeri N, Tabari T, Imanipour M, Sadeghi T, et al., Fundamental of Nursing. 2013. St. Louis, Mo.: Mosby Elsevier

Supervisor of Thesis

1. Investigating the maternal and neonatal factors affecting the birth of preterm infants in Rafsanjan, 2025: A case – control study. *Student: Simin Hasanabdi. Date of defense:2026*

2. A comparative Investigation the effect of pursed lip breathing and diaphragmatic breathing on the dyspnea, SPO2, venous blood gases and anxiety in patients with chronic obstructive pulmonary disease admitted to the internal ward of Ali Ibn Abi Talib Hospital of Rafsanjan. *Student: Ensieh Asadi. Date of defense:2026*

3. Comparative investigating the effect of stimulating the sucking and grasping reflexes on pain and duration of crying due to blood sampling in neonates hospitalized at neonatal ward of Ali Ibn Abi Talib hospital of Rafsanjan, 2024. *Student: Fatemeh Enhesari. Date of defense:2025*

4. Investigating the effect of the HELFER technique on the pain and fear caused by the injection of the DTP vaccine in school-age children referred to the comprehensive health service centers of Rafsanjan. *Student: Farzaneh Momeni. Date of defense:2025*

5. Investigating the effect of supportive-training intervention on the depression of the mothers, who referred to theRafsanjan comprehensive health centers,2022. *Student: Zahra Hajimohammadi. Date of defense:2025*

6. Investigating the effect of Malva sylvestris mouthwash on chemotherapy-induced stomatitis in cancer patients referred to the medical centers of Rafsanjan University of Medical Sciences, 2024. *Student: Zahra Salmaninejad. Date of defense:2025*

7. Investigation the effect of breathing yoga “Bhramary Pranayama” on fatigue and depression in patients with multiple sclerosis referring to the M.S Association of Rafsanjan, 2023. *Student: Fatemeh Sadr. Date of defense:2024*

8. Comparative investigating the effect of massage and kangaroo mother care on physiological indices of premature neonates hospitalized at NICU ward in Ali Ibn Abi Talib Hospital of Rafsanjan, 2023. *Student: Zahra Parzivand. Date of defense:2024*

9. Investigating the effect of Cuminum Cyminum on the return of intestinal peristaltic movements after abdominal surgeries in patients who hospitalized in the surgery ward of Ali Ibn Abi Taleb Hospital of Rafsanjan, 2021. *Student: Amin Esmaeili. Date of defense:2023*

10. Comparative investigating the effect of local heat and foot massage on the pain caused by heel lancing for thyroid screening in neonates who referred to the number 1 comprehensive care center of Rafsanjan, 2022. Student: *Reyhaneh Barzegari*. *Date of defense:2023*

11. The effect of Jollab beverage on fatigue and happiness in patients with multiple sclerosis referring to the MS Association of Rafsanjan, 2021. *Student: Zahra Gholami. Date of defense:2023*

12. Investigating the effect of oral supplement of achillea millefolium on HbA1C and peripheral neuropathy in type 2 diabetic patients who referred to the Rafsanjan Diabetes Clinic, 2021. *Student: Elham Basirat. Date of defense:2023*

13. Comparative investigating the effect of valerian and gabapentin on restless legs syndrome and sleep quality in dialysis patients referred to the dialysis ward of Ali Ibn Abi Taleb Hospital of Rafsanjan, 2021. *Student: Iman Hajizadeh. Date of defense:2022*

14. Comparative Investigating the effect of breast milk and rosa damascena essential oil odor on pain and duration of crying due to blood sampling in neonates hospitalized in the neonatal intensive care unit of Ali-Ibn Abitaleb hospital of Rafsanjan, 2021. *Student: Zeinab Heidari. Date of defense:2022*

15. Comparative assessment the effect of patient and family center education on quality of life and HbA1C in type 2 diabetic patients referring to diabetes clinic of Rafsanjan, 2018. *Student: Mahboobeh Poorrahimian . Date of defense:2022.*

16. Investigating the effect of an empowerment program based on Gibsons model on quality of life and self -efficacy of mothers with major thalassemia child referring to Rafsanjan and Kerman rare diseases clinic, 2018. *Student: Yaser Shahsavari. Date of defense:2022.*

17. Investigating the effect of foot reflexology before suction on pain and physiological indices in neonates with nasal CPAP hospitalized in the NICU of Ali Ibn Abi Taleb Hospital of Rafsanjan, 2021. *Student: Zahra Masoumi. Date of defense:2021.*

18. Investigating the effect of auriculotherapy on shoulder pain after cesarean section in pregnant women referring to medical educational centers of Rafsanjan University of medical sciences. *Student: Maryam Abedini. Date of defense:2020.*

19. Investigating the effect of telephone-based orientation program during the waiting time on anxiety in patients undergoing coronary angiography referring to Ali-Ibn-Abitaleb hospital of Rafsanjan. *Student: Maryam Shahpari. Date of defense:2020.*

20. Investigating the effect of chicory extract consumption by mothers on the frequency of icterus and neonatals' bilirubin in referrals to birth preparation classes of Sirjan. *Student: Leila Badiehneshin. Date of defense:2020*

21. Investigating the effect of Melissa officinalis extract on the anxiety of patients undergoing orthopedic surgeries in Bahonar hospital affiliated to Kerman University of Medical Sciences. *Student: Motahareh Bagheri. Date of defense:2020*

22. Investigating the effect of cardiopulmonary resuscitation telephone education by dispatchers to bystanders on outcomes of cardiac arrests in the Rafsanjan Emergency medical services, *Student: Seyed Mohammad SeyedBagheri. Date of defense:2019*

23. Investigating the effect of an educational intervention for nursing managers on the rate of incident reporting at university hospitals in Iran. *Student: Nahid hajimohammadi. Date of defense: 2018.*

24. Investigating the effect of shock index measurement on frequency of miss triage in patients with abdominal trauma. *Student: Ali Samanian. Date of defense: 2018*

25. Investigating the effect of education to referring clients of addiction rehabilitation centers on abundance of poisoning by methadone in children. *Student: Hakimeh Abdoli. Date of defense: 2018*

26. Comparative assessment the effect of Golghand and Psyllium on constipation in elderly. *Student: Asieh Hatefi Ardakani. Date of defense: 2017*

27. Investigating the effect of natural sounds on anxiety of patients undergoing coronary artery bypass graft surgery hospitalized in cardiac intensive care unit. *Student: Mohammad Javad Amiri. Date of defense: 2017*

28. Comparative assessment the effect of education by health care provider and peer on self-care behaviors and HbA_1C in diabetic patients. *Student: Zakieh Ahmadi. Date of defense: 2016*

29. Investigating the effect of scheduled visitation on the physiological indices of conscious patients admitted at intensive care units**.** *Student: Hojat Rezaie. Date of defense: 2016*

Advisor of Thesis

1. Investigating the impact of Pop It game on fear and pain associated with venipuncture in children aged 3-6 years admitted to the emergency department of Ali Ibn Abi Talib Hospital of Rafsanjan. *Student: Parvin Babaei. Date of defense: 2025*

2. Investigating the effect of Sand play therapy on stereotypic and aggressive behaviors in children with autism referring to the Atefeh Autism Center of Rafsanjan. *Student: Motahareh Naghizadeh. Date of defense: 2025*

3. Investigation the effect of foot reflexology on pain, physiological indices, and duration of hospitalization in patients with covid 19 in Ali Ibn Abi Taleb Hospital of Rafsanjan, 2021. *Student: Atefeh Stabraghi. Date of defense: 2025*

4. Investigating the effect of distraction by virtual reality glasses on pain and anxiety caused by venipuncture in pediatrics admitted to the pediatric emergency department of Ali Ibn Abi Talib Hospital of Rafsanjan, 2023. *Student: AmirMohammad Shakeripoor. Date of defense: 2025*

5. Comparative investigating the effect of local heat and massage with the Flicked technique on the pain caused by vitamin K injection in neonates who borne at Nik Nafs maternity hospital of Rafsanjan, 2024. *Student: Javad Momeni. Date of defense: 2024*

6. Investigating the effect of topical Boswellia oil on pain severity in patients with lumbar disc herniation referring to the Rafsanjan neurologists' offices,2022. *Student: Fatemeh Tavakoli. Date of defense: 2024*

7. Comparative investigating the effect of video game play and cartoon watching on fear and pain caused by venipuncture in preschool children admitted to the pediatric ward of Ali Ibn Abi Taleb Hospital of Rafsanjan, 2023. *Student: Mostafa HajAlizadeh. Date of defense: 2024*

8. A comparative assessment the effect of primrose oral and vaginal capsule on Bishop score and some delivery outcomes in primiparous women referring to the Niknafs Rafsajan maternity hospital in: 2019. *Student: Fariba Payedar. Date of defense: 2022*

9. Investigating the effect of virtual education to patient and family on the Frequent re-requests for ambulance service in Rafsanjan and Anar Emergency Medical Services (EMS), 2020. *Student: Bentolhoda Maanaseri. Date of defense: 2022*

10. Cognitions-related Physiological Changes and their Relationship with Heavy Metal Exposure in Sarcheshmeh copper complex employees of Rafsanjan: A 3-years cohort study. *Student: Narjes Soltani.*

11. Comparative Investigating the effect of massage with Ginger oil and Rosemary oil on the severity of restless legs Syndrome symptoms in hemodialysis patients refered to the dialysis centers of Yazd, 2021. *Student: Alireza Mootab. Date of defense: 2022*

12. The effect of relaxation by Jacobson technique on anxiety among covid-19 patients who referring to the Ali Ebn Abi Taleb Hospital in Rafsanjan, 2022. *Student: Elham Ghafoori. Date of defense: 2021*

13. Comparative assessment the effect of three methods of cold therapy on the pain intensity of vascular needles in patients undergoing hemodialysis referring to Ali Ibn Abitaleb Hospital of Rafsanjan. *Student: Somayeh Esmaeili. Date of defense: 2020*

14. Investigating the effect of Mindfulness-Based stress Reduction, on post-traumatic growth and stress in mothers of premature infants hospitalized in neonatal intensive care unit of Ali-Ebne-Abitaleb Hospital of Rafsanjan. *Student: Masoumeh Izadi. Date of defense: 2020*

15. Investigating the effect of foot reflexology massage on physiological indices in stroke patients admitted to Ali Ibn Abitaleb Hospital of Rafsanjan, *Student: Azam Talebi. Date of defense: 2019*

16. Investigating the effect of environmental paint Color and daylight illumination on anxiety and length of stay of patients hospitalizing in coronary care unit at Imam Khomeini hospital of Jiroft. *Student: Parvaneh Nazari. Date of defense: 2019*

17. Investigating the effect of supportive-training intervention on the burnout of the mothers with an Intellectual Disability Child studying in Rafsanjan Shamsaie School, *Student: Zohreh Masoumi. Date of defense: 2019*

18. Investigating the effect of rosemary topical ointment on grade I bedsore in patient hospitalized to ICU of Ali Ibn Abitalib hospital, *Student: Fatemeh Khoshoei. Date of defense: 2019*

19. Investigating the effect of rose extract aromatherapy on anxiety and physiological indices of conscious patients admitted at intensive care units of Rafsanjan Ali Ibn Abitaleb hospital, *Student: Negar Zare. Date of defense: 2019*

20. Indexes of Caring for Elderly in Earthquakes According to the Iranian Experience, *Student: Hasan Khodadadi. Date of defense: 2018*

21. The Comparison of peer and nurse education on self-care hemodialysis patients referred of Isfahan hospitals. *Student: Leili Bayati. Date of defense: 2018*

22. Investigating the effect of Rosemary topical ointment, on the incidence of phlebitis and infection caused by a catheter (peripheral vascular catheter) in children admitted hospitalized to the pediatric ward. *Student: Jamal Bahramsari. Date of defense: 2018*

23. Comparative investigation the effect of black cohosh (simifugol) and vitex agnus castus (agnugol) on menopausal symptoms in menopause women referred to health care centers. *Student: Azra Azimi. Date of defense: 2017*

24. The effect of administration of baby oil on the severity of pruritus and quality of life in hemodialysis patients. *Student: Sima Mokhtarabadi. Date of defense: 2017*

25. Comparative Investigating the Effect of Nitroglycerin Spray and Pearl on Pain Intensity and Physiological Indices of Patients with Chest Pain in Fasa EMS. *Student: Rahim Karamizadeh: 2017*
